

ABU DHABI INTERNATIONAL AIRPORT TERMINAL 3 EXPANSION AND ARRIVALS HALL FACILITY

LOCATION | Abu Dhabi, UAE
CLIENT | Abu Dhabi Airports Company
SIZE | 60,000 GSF
DATE OF COMPLETION | 2010 (anticipated)

XChange is the architectural consultant on a multi-disciplinary planning and design team retained by the Abu Dhabi Airports Company (ADAC) to plan and design interim facilities to support the existing passenger terminal complex until the Airport's new 60-gate midfield terminal is operational.

XChange has been tasked with the schematic design of a 60,000 SF arrivals hall and ground transportation center scheduled to be fully operational by 2010.
